5. **Commencement Date of Contract:** December 9, 2019
6. **Duration of Contract:** 6 months
7. **Summary Scope of Contract:**

The Works may include and not limited to the construction of roads, footpaths, staircases on grade with galvanised railings, drainage structures, drain crossings, retaining walls and pedestrian footbridges. Earthen drains together with the placement of rip rap will also be constructed under the works. As the project involves the rehabilitation and construction of new roads within existing and occupied sub-divisions, the contractor will need to facilitate the continued use of the site by residents. On the site, exist Pre-Commenced Drainage and Road Works, and as such the Awarded Contractor is expected to continue from the existing works and where necessary make good to the existing works.
