## Project: Water Sector Strategic Plan

This Technical Assistance (TA) project will produce a strategic plan for medium to long term interventions in the water sector and will catalyse the identification of climate resilient options for upgrading the water supply and wastewater infrastructure in the Commonwealth of Dominica. The project will also develop detailed designs for priority interventions, which would facilitate the appraisal and financing of infrastructure projects.

### Status

**Q1, 2019**

Technical Assistance (TA) Grant to prepare project approved

**Q2, 2019**

Work on the feasibility study and detailed designs expected to commence

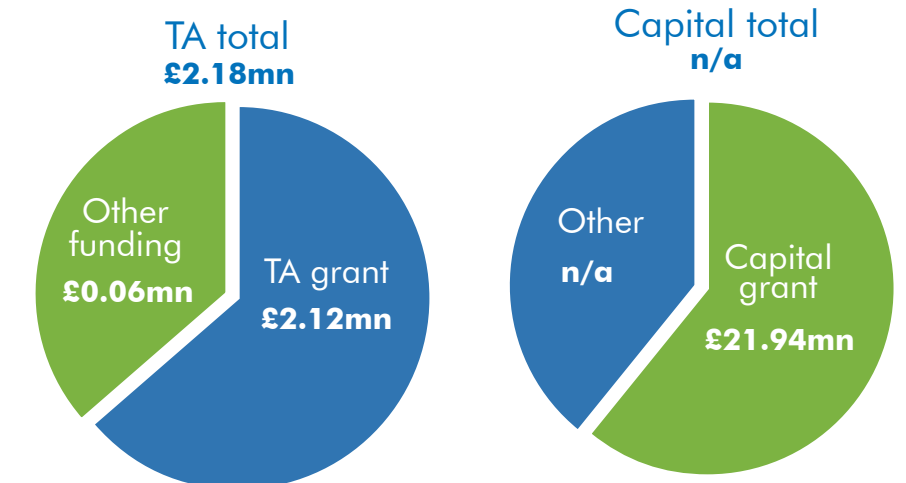

**Q2, 2020**

Appraisal of capital project

**Q1, 2020**

Completion of design consultancy

### Project Funding

**Total UKCIF allocation (reconstruction window)**  
**£24.06 million**
