Amarna Consult Ltd.	St. Lucia	5.3	17.8	13.2	8.0	15.3	59.7	The Financial Proposal was not evaluated because the Technical Proposal scored below the minimum 70% required to satisfy the technical requirements.		N/A	

2. Name of Successful Consultant: Engineering, Construction and Management Consulting Ltd.

3. Successful Proposal's Price: \$813,728.76

4. Commencement Date of Contract: 05 June 2019

5. Duration of Contract: 12 months

6. Summary Scope of Contract:

The Consultant/Team of Consultants will be selected and engaged to:

- 1. Review existing designs;
- 2. Where necessary, prepare and certify new or revised designs and plans;
- 3. Review and/or prepare bid documents for implementation of infrastructural works; and
- 4. Provide construction supervision services.

Note: Method of Evaluation:

Minimum Technical Proposal Score required to open Financial Proposal: 70%

The lowest evaluated Financial Proposal (Fm) is given the maximum financial score (Sf) of 100.

The formula for determining the financial scores (Sf) of all other Proposals is calculated as following:

$Sf = 100 \times Fm / F$, in which (Sf) is the financial score; (Fm) is the lowest price and F the price of the proposal under consideration.

The weights given to the Technical (T) and Financial (P) Proposals are:
T = _____ 80 %; and
P = _____ 20 %;

Proposals are ranked according to their combined technical (St) and financial (Sf) scores using the weights:

(T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) as following:
 $S = St \times T\% + Sf \times P\%$.
