

# GRENADA

## Southern St. George Water Supply Expansion Project

Clean Water for Growth: Building a Healthier and Climate-Resilient Grenada

### PROJECT OVERVIEW

- Major Expansion of Water and Wastewater Systems
- Focus Areas: St. George's and Southern Tourism Corridor
- Sewerage Improvements in the Capital City of St. George's
- Over 117,000 Residents Will Gain Improved Access to Safe, Reliable, and High-Quality Water
- Construction Completion - September 2026

### RESULTS

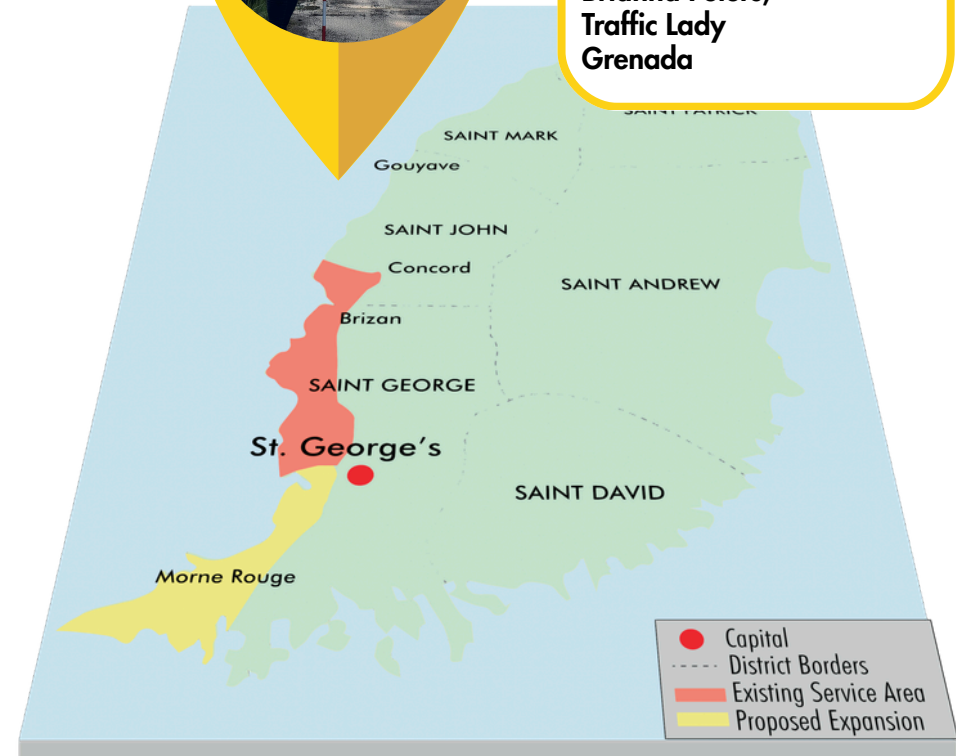

- Expanding Access to Safe Water
- Promoting Inclusive Participation
- Advancing Sustainable Agriculture

### FUNDING

*"I was unemployed before, now I'm employed, as a traffic lady. This opportunity is important for empowerment of women. I am learning a lot and I want to learn how to operate heavy machines."*

**Brianna Peters,  
Traffic Lady  
Grenada**

This project has been made possible through a grant from the United Kingdom Government under the UK Caribbean Infrastructure Fund (UKCIF), which provides grant funding for climate-resilient infrastructure projects to encourage growth and to support improved livelihoods, poverty reduction and safer conditions for residents. UKCIF is administered by the Caribbean Development Bank (CDB). For more information, please visit their social media page. [f](#)
