The UN Agency shall give due regard to such sanctions, as disclosed to it when issuing contracts during the Project implementation.

4.

13. If the UN Agency intends to issue a contract in connection with the Project with a party that is under sanction by the Bank, the following procedure will apply: (i) the UN Agency will so inform the Government and the Bank, before signing such contract; (ii) the Government and the Bank may request direct consultations at a senior level, if required, between the Government, the Bank and the UN Agency to discuss the UN Agency's decision; and (iii) if after such consultation, the UN Agency elects to proceed with the issuance of the contract, the Bank may thereafter inform the UN Agency by notice, that the proceeds of the Financing may not be used to fund such contract.

14. The UN Agency confirms that its contracts with Staff, Consultants and Contractors include the following principles:

- (a) Prohibition of Conflicting Activities. The Staff, Consultant or Contractor will not engage, either directly or indirectly, in any business or professional activities which could conflict with the activities performed under their respective contract with the UN Agency.

15. Throughout the execution of this Agreement, the UN Agency shall comply with decisions of the UN Security Council taken under Chapter VII of the Charter of the UN.

Hiring Government Institutions or Government Officials

16. Except as otherwise agreed between the Parties, the UN Agency shall not hire any Government institution or any Government-owned enterprise or institution as a Contractor under this Agreement, unless it has been established by the Government to the Bank's satisfaction that such Government-owned enterprise or institution is legally and financially autonomous, operates under commercial or private law, and is not a dependent agency of the Government (the

“Eligibility Test”). As an exception, a Government-owned university, research center or other similar institution that does not meet this Eligibility Test may be hired as a Contractor by the UN Agency if it has been established by the Government to the Bank’s satisfaction that the services of such institution are of a unique and exceptional nature (including because of the absence of a suitable private sector alternative) and its participation is critical to the successful execution of the Technical Assistance.

17. Except as otherwise agreed between the Parties, the UN Agency shall not hire any official or civil servant of the Government’s country as a Consultant unless it has been established by the Government to the Bank’s satisfaction that (i) such official or civil servant is on leave of absence without pay, or has resigned or retired; and (ii) the Technical Assistance is not being provided to the ministry or agency for which that official or civil servant was working before going on leave or, in the case of resignation or retirement, unless a period of at least six (6) months (or any longer period established by the applicable rules for civil servants in the Government’s country) has passed since such resignation or retirement from that ministry or agency. As an exception, the Bank may agree, upon request by the Government, that a professor or other expert from a Government-owned university, research center or similar institution may be hired as a Consultant by the UN Agency on a part-time basis without being on leave of absence without pay, provided such professor or other expert has been employed full-time by his or her institution for at least one (1) year prior to hiring by the UN Agency and such hiring is justified for the services.

Removal and/or Replacement of Staff, Consultants, Contractors

18. Without prejudice to Paragraph 11 above, if, for any reason beyond the reasonable control of the UN Agency, it becomes necessary to substitute any member of the team as included in Annex I, the UN Agency shall promptly replace such member with another having the required or better qualifications. For substitution of Consultants or Contractors’ personnel, where relevant, the UN Agency will submit to the Government a copy of the replacement’s CV for information.

19. If the Government becomes aware of credible allegations that any member of the UN Agency’s team as included in Annex I has engaged in serious misconduct in relation to the Project or reasonably concludes that the performance of any of the team members is unsatisfactory, then the Government shall promptly share the sufficiently detailed information with the UN Agency specifying the grounds therefor. If, after receiving the Government’s written request, the UN Agency investigates the alleged misconduct or reviews the alleged unsatisfactory performance and concludes that the misconduct and/or the dissatisfaction with the performance of the team member justifies his/her replacement, the UN Agency will proceed with a replacement within the timeframe that is in line with the implementation schedule of this Agreement, subject to the UN Agency’s regulations, rules, policies and procedures.

Intellectual Property and Proprietary Rights

20. The ownership and use of all copyright, patent rights and other proprietary rights arising out of the Technical Assistance will be determined in accordance with relevant provisions of the Basic Agreement, it being understood that in the absence of such provisions the following shall apply:

- (a) Each Party will retain full and sole ownership of its pre-existing copyright, patent rights and other proprietary rights.
- (b) All copyright, patent rights and other proprietary rights in plans, drawings, specifications, designs, reports, other documents and discoveries developed or prepared by the UN Agency under this Agreement (“Reports and Records”) shall belong to the UN Agency.
- (c) The UN Agency herewith grants to the Government a perpetual, non-revocable, royalty-free, transferable (including the right to sub-license), fully paid-up, non-exclusive licence to copy, distribute and use any such copyright, patent rights and other proprietary rights.
- (d) If requested by the Government the UN Agency shall deliver a copy of all Reports and Records to the Government.
- (e) The Parties recognize the principle that intellectual property produced as a result of the Technical Assistance shall be managed in a way that maximizes their public accessibility and allows the broadest possible use.

Supplies and Equipment

21. The purchase by the UN Agency of any supplies and equipment that are necessary for the UN Agency to provide the Technical Assistance, and using the funds provided by the Government under this Agreement, will be done according to the UN Agency’s established regulations, rules, policies and procedures for the procurement of supplies and equipment.

22. Ownership of equipment and supplies procured, using funds provided by the Government under this Agreement, will be determined in accordance with the regulations, rules, policies and procedures applicable to such UN Agency, including any agreement with the Government, if applicable.

Insurance

23. Throughout the term of this Agreement, the UN Agency will, to the extent that such risks are not covered by its self-insurance scheme ensure that insurance is maintained against the following risks: third-party liability and third-party motor vehicle liability; workmen’s compensation or equivalent; and all-risk insurance against loss of or damage to equipment and materials purchased in whole or in part with funds provided under this Agreement until transferred to the Government.

24. Throughout the term of this Agreement, the UN Agency will, unless relevant arrangements are already in place,

- (a) with regard to Staff, offer appropriate health insurance; provide for compensation in respect of injury, sickness or death while performing official duties of the organization; and maintain malicious acts insurance;
- (b) with regard to Consultants, provide for compensation in respect of injury, sickness or death while performing official duties of the organization; and maintain malicious acts insurance.

25. The cost of insurance is deemed included in the Total Funding Ceiling.

Total Funding Ceiling and Payments

Disbursement of the Financing

26. The Financing will be disbursed in accordance with the payment schedule set forth in Annex II (the "Payment Schedule").

5.

27. Payments by the Bank will be made only at the request of the Government and upon approval by the Bank. The Government will make, or cause to be made on its behalf, disbursement of amounts requested by the UN Agency within thirty (30) days of receiving the original signed copy of the payment request. The Payment Request template is provided in Annex VI.

28. All payments will be made by wire transfer in United States dollars to the following UN Agency bank account:

[]

29. The Government will ensure that when making each disbursement of the Financing, the Bank notifies the UN Agency, Division of _____, (for the Attention _____), by fax (_____) or by e-mail (_____), of the following: (a) the amount transferred; (b) the value date of the transfer; and (c) that the transfer is from the Bank in accordance with this Agreement. The UN Agency will promptly acknowledge receipt of funds in writing indicating the amount received.

Total Funding Ceiling

30. Cumulative disbursements of the Financing will not exceed the Total Funding Ceiling unless it is revised through a written amendment approved by the Bank, which approval will be sought and obtained by the Government. UN Agency takes note that the Government's disbursements under this Agreement are subject, in all respect, to the terms and conditions of the

Financing Agreement and no party other than the Government will derive any rights from the Financing Agreement or have any claim to the Financing proceeds.

Financial Administration by the UN Agency

31. The UN Agency will maintain a separate identifiable fund code (ledger account or the “UN Agency Account”) to which all the UN Agency’s receipts and disbursements with regard to the Financing will be recorded.

6.

32. The UN Agency will receive and administer funds transferred hereunder in accordance with the UN Agency’s financial regulations, rules, policies and procedures. Any interest derived by the UN Agency from funds disbursed to the UN Agency in accordance with this Agreement will be retained by the UN Agency and form part of the UN Agency’s regular resources.

7.

33. Payments to the UN Agency will be made in advance of implementation not in arrears. The UN Agency will not be required to commence or continue the provision of the Technical Assistance until it has received the payments due in accordance with the Payment Schedule and it will not be required to assume any liability in excess of such payments.

8.

34. Payments to the UN Agency will not prejudice the Government’s right to dispute any amount claimed by the UN Agency and to adjust any future payment by the amount in dispute and inform the UN Agency accordingly. In such case, the Government will promptly notify the UN Agency and the Bank to arrive at a mutually acceptable solution.

Eligible Expenditures

35. The Parties agree that the cost of implementing the Technical Assistance includes: (a) all direct costs as specified in Annex I, and (b) Indirect Programme Support Costs at the rate set forth in Annex V.

Accounting and Auditing

36. The UN Agency will keep accurate accounts and records in respect of the funds made available under this Agreement, in accordance with the UN Agency’s financial regulations and rules and in such form and detail as will clearly identify all relevant charges and costs for corresponding deliverables. The UN Agency will retain all records (contracts, reports, invoices, bills, receipts and other documentation) relating to this Agreement in accordance with the UN Agency’s documents retention policy.

9.

37. The UN Agency’s use of the funds made available under this Agreement will be subject exclusively to the internal and external auditing procedures provided in the financial regulations, rules, policy and procedures of the UN Agency and the relevant decisions of the UN Agency’s governing body.

10.

38. The UN Agency will make available to the Government, with a copy to the Bank, a copy of its external auditors’ reports on its financial statements within thirty (30) days of delivery of the same to the United Nations General Assembly. Internal audit reports from the

UN Agency's office responsible for internal audit and investigations will be made public by disclosure on the UN Agency internet site in accordance with decisions of the UN Agency's Executive Board and reports from the UN Agency's office responsible for internal audit and investigations that include reference to the Financing will be made available to the Government, with a copy to the Bank, in accordance with that same decision.

Reporting

39. The UN Agency will provide written progress reports to assist the Government in monitoring implementation progress towards provision of the Technical Assistance and achievement of the Project's projected results. The frequency of the reporting and the reporting template are set out in Annex III.

Force Majeure

40. Either Party prevented by force majeure from fulfilling its obligations will not be deemed in breach of such obligations. The said Party will use all reasonable efforts to mitigate the consequences of force majeure. At the same time, the Parties will consult with each other on modalities of further execution of the Agreement. "Force majeure" as used in this Agreement is defined as natural catastrophes such as but not limited to earthquakes, floods, cyclonic or volcanic activity; war (whether declared or not), invasion, act of foreign enemies, rebellion, terrorism, revolution, insurrection, military or usurped power, civil war, riot, commotion, disorder; ionizing radiation or contaminations by radio-activity; and other acts of similar nature or force.

Fraud and Corruption Prevention

41. For the purposes of Paragraphs 41 – 47 below, the following definitions shall apply:

- (i) "corrupt practice" is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
- (ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
- (iii) "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
- (iv) "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party.

42. In the event that the Government or the UN Agency becomes aware of information that indicates the need for further scrutiny of the implementation of the Technical Assistance or use of the funds provided by the Government pursuant to this Agreement (including non-frivolous allegations that indicate the possibility that corrupt, fraudulent, coercive, or collusive practices may have occurred), the Party that has become aware of such information will promptly notify the other Party.

43. This information will be brought promptly to the attention of the appropriate official or officials at the Government and the Bank, and the official or officials responsible for oversight functions of the UN Agency.

11.

44. Following consultation with the Government and the Bank, the UN Agency will, to the extent the information relates to actions within the authority or accountability of the UN Agency, take timely and appropriate action in accordance with its applicable regulations, rules, and administrative instructions, to investigate this information. The Parties agree and acknowledge that the UN Agency will have no authority to investigate information relating to possible corrupt, fraudulent, coercive or collusive practices by Government officials or by officials or consultants of the Bank. Furthermore, the Parties also acknowledge and agree that the UN Agency shall not be required to take any action contrary to its regulations, rules and procedures that may jeopardize an investigation.

12.

45. To the extent that such an investigation confirms corrupt, fraudulent, collusive or coercive practices have occurred and to the extent that remedial action is within the authority of the UN Agency, the UN Agency will take timely and appropriate action in response to the findings of such an investigation, in accordance with its accountability and oversight framework and established procedures, including its financial regulations and rules, where applicable.

13.

46. To the extent consistent with the UN Agency's accountability and oversight framework and established procedures, the UN Agency will keep the Government and the Bank regularly informed by agreed means of actions taken, and the results of the implementation of such actions, through the mechanisms contemplated in the respective policies of the UN Agency, the Government and the Bank on combatting fraud and corruption.

47. In the event that the Government or the Bank reasonably believes that the UN Agency has not complied with the requirements of this section, the Government or the Bank may request direct consultations at a senior level between the Bank, the Government and the UN Agency in order to obtain assurances, in a manner consistent with the UN Agency's oversight and accountability framework and respecting appropriate confidentiality, that the UN Agency's oversight and accountability mechanisms have been or will be fully applied. Such direct consultations may result in an understanding between the Government, the Bank, and the UN Agency, on any further actions to be taken and the timeframe for such actions. The Parties take note of the relevant provisions on external audit in the regulations, rules, policies and procedures of the UN Agency.

48. The Parties agree and acknowledge that nothing in this section under heading “Fraud and Corruption Prevention” shall be deemed to waive or otherwise limit any right or authority of the Bank under the Financing Agreement, (i) to investigate allegations or other information relating to possible corrupt, fraudulent, coercive or collusive practices by any third party, or to sanction or take remedial action against any such party which the Bank has determined to have engaged in such practices, or (ii) sanction a body corporate or individual, including declaring the body corporate or individual ineligible, either indefinitely or for a stated period of time, to be awarded a Bank-financed agreement if the Bank at any time determines that the body corporate or individual has, directly or through an agent, engaged in corrupt, fraudulent, collusive, or coercive practices in competing for, or in executing, a Bank-financed agreement, provided that for this Paragraph 48, “third party” does not include the UN Agency. To the extent consistent with the UN Agency’s oversight framework and established procedures, and if requested by the Bank, the UN Agency shall cooperate with the Bank or such other entity in the conduct of such investigations. For the purposes of this Paragraph 48, “corrupt, fraudulent, coercive or collusive practices” shall have the meaning ascribed to them in accordance with the Bank’s Guidelines for Procurement, as amended from time to time.

Settlement of Disputes

49. This Agreement will be governed by general principles of international law. Any dispute, controversy or claim arising out of or relating to this Agreement will be resolved in accordance with the relevant provisions of the Basic Agreement or, failing such provision, if not settled by negotiation or other agreed mode of settlement, will be submitted to arbitration at the request of either Party. Each Party will appoint one arbitrator, and the two arbitrators so appointed will appoint a third, who will be the chairman. If within thirty (30) days of the request for arbitration either Party has not appointed an arbitrator or if within fifteen (15) days of the appointment of two arbitrators the third arbitrator has not been appointed, either Party may request the President of the International Court of Justice to appoint an arbitrator. The procedure of the arbitration will be fixed by the arbitrators, and the expenses of the arbitration will be borne by the Parties as assessed by the arbitrators. The arbitral award will contain a statement of the reasons on which it is based and will be accepted by the Parties as the final adjudication of the dispute.

Term, Suspension and Termination

50. Following consultations between the Parties and notification from the Government that it has received a letter of no objection from the Bank to suspend part or all payments to the UN Agency, the Government may, by written notice of suspension to the UN Agency, suspend part or all payments to the UN Agency hereunder if the UN Agency fails to perform any of its obligations under this Agreement, including the carrying out of the Technical Assistance, provided that such notice of suspension (i) shall specify the nature of the failure, and (ii) shall request the UN Agency to remedy such failure within a period not exceeding thirty (30) calendar days after receipt by the UN Agency of such notice of suspension. If payments are so suspended the UN Agency reserves the right to suspend the activities in accordance with its regulations, rules, policies and procedures. If the UN Agency is unable to remedy such failure

within the thirty (30) calendar day period, either Party may terminate this Agreement upon thirty (30) calendar days' notice to the other.

14.

51. This Agreement may be terminated prior to the Completion Date by either Party upon sixty (60) calendar days' written notice to the other.

52. Upon receipt by one Party of the other Party's written notice of termination of this Agreement, the Parties shall agree on the exit strategy to minimize any negative impact that can arise from an early termination of this Agreement and take all reasonable and necessary measures to complete as many of the activities as possible.

53. The provisions of this Agreement will survive early termination or completion to the extent necessary to permit an orderly conclusion of all activities and settlement of accounts between the Parties.

Miscellaneous

Relationship between the Parties

54. Nothing contained in this Agreement will be construed as establishing a relation of principal and agent between the Government and the UN Agency. No agent or representative of either Party has authority to make, and the Parties will not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.
